# Beware of Phone & Internet Scams

By Master Police Officer Bill Murray, Community Relations Officer

**\$ Lower Your Interest Rate on Credit Cards Scam** – A person calls and offers to lower the interest rates on your credit cards. You provide personal information, including credit card numbers. That information is then used to make fraudulent purchases or steal your identity. **DO NOT give out personal information unless YOU initiate the contact with the financial institution.**

**\$ Vehicle Warranty Scam** – A call comes in from an individual stating that your vehicle warranty is running out or has run out. He asks you to send information and money to extend your warranty. When you do, the individual becomes unreachable, or if you make installment payments and try to file a claim, you find out the company no longer exists or never did exist.

**\$ Internet Scams** – Phishing and fictitious e-mails are a huge problem. In one of the most common scams, you are informed that you have an invalid account or your account is in need of updating. So you enter your information and now the criminal has it. **NEVER, EVER give out your log-in ID, password, credit card number, PIN, or bank information to anyone unless YOU initiated the contact.** If in doubt, don't do anything and call or visit your bank or financial institution.

**\$ Wireless/Internet Fraud** – If you have an unsecured wireless router or network set up in your home, anyone with a laptop computer can gain access from the street, driveway, sidewalk, or anywhere else in the vicinity where there is a signal. Always password protect your network.

**\$ Lottery Winner Scam** – An e-mail arrives notifying you that you have won a large sum of money. All you have to do is pay the taxes on the winnings. You are asked to mail a check for that amount. Once you do, your money is gone as there are no winnings to retrieve.

MPO Bill Murray is available to speak to community organizations on this or any other topic relating to law enforcement and the operations of the Vienna Police. Presentations can be tailored to the particular interests of the group. To schedule a presentation, call 703-255-6396 or e-mail [wmurray@viennava.gov](mailto:wmurray@viennava.gov).

## Dogwood Street Sidewalk Proposed

One of the Priority One sidewalk projects recommended to the Town Council by the Sidewalk Task Force is Dogwood Street, S.W., between Center and Cottage Streets. A four-foot wide sidewalk is proposed for the north side of the street.

Project information may be reviewed in the Public Works Department at Town Hall and online at [www.viennava.gov/projects/projects.htm](http://www.viennava.gov/projects/projects.htm), or call 703-255-3681. Citizens may request that a public hearing on the project be held by sending a written request on or before July 6 to Dennis Johnson, PE, at Town Hall or email [djohnson@viennava.gov](mailto:djohnson@viennava.gov).

## Bag That Grass!

If you don't compost, grass clippings should be bagged in clear plastic bags. These can be purchased in the Finance Department at Town Hall and are also available at hardware stores. Clear bags allow sanitation crews to identify the contents so they can be taken to the proper facility for recycling. Place bags of grass (and any other soft yard waste) at the curb on your regular trash day. You can put out up to 20 at a time! If you have questions, call 703-255-6381 or visit [www.viennava.gov/town\\_services/trash.htm](http://www.viennava.gov/town_services/trash.htm)

## Comment from the Council Table

# Go Green, Vienna!

By Edythe Frankel Kelleher  
Vienna Town Councilwoman

In these difficult economic times, wouldn't it be nice to save money and help the environment? To have experiences instead of stuff? To focus on renewing, reusing, recycling and sustainability?

Vienna's Green Expo, held at the Community Center in April, was a start. Nearly three dozen exhibitors and hundreds of attendees enjoyed a very educational evening. Attendees learned about ways to save on heating and cooling in their homes, how to judge the energy use of new appliances, and how to use rain barrels, composting and rain gardens to save money on water and fertilizer. They got free compact fluorescent light bulbs from the Sierra Club, fluorescent night lights from Dominion Power, and bike trail maps from Fairfax Advocates for Better Bicycling. They munched on snacks donated by Whole Foods. And much, much more.

Vienna resident and Sierra Club member Susan Stillman demonstrated how "vampire power" increases your electric bill. "Anything that stays warm or has a light or a display is still using electricity even though you think it's turned off," Stillman said. She suggested unplugging or placing on power strips re-chargers and appliances that draw power when not in use, such as computers. The Sierra Club also presented a talk on "The Lazy Cheapskate's Guide to Going Green" and showed how a "Kill-A-Watt" device can display your electricity usage.

The James Madison High School Environmental Club, along with an organization called Tapwater Now, conducted blind taste tests of tap water vs. bottled water. As in the old Pepsi challenge, participants sipped from unlabeled cups and tried to determine which water was which. They were unable to tell the difference at least 90% of the time.

The Vienna Optimists touted the Farmers' Market, held every Saturday morning near the caboose. Local farmers using old-style farming methods do not contribute to the environmental waste created by industrialized food production. And the food tastes better, too.

Several exhibits showcased green building. These included Commonwealth Home Remodelers, Sagatov Associates, Custom Floors by Mohawk, Capital Sun Group Solar Energy Systems and Encompass Green Remodeling. The US Green Building Council for Leadership in Energy and Environmental Design (LEED) told attendees about LEED designation for homes and sustainable remodeling practices. Susan Pierce of Commonwealth spoke about "Harvesting the Dollar Advantages of Green Remodeling."

Bicycling was prominent at the Expo; both bikes@vienna and Spokes, Inc. had booths. John Brunow of bikes@vienna feels the Green Expo helped him reinforce his company's marketing message. He said the Green Expo is, "the perfect event giving information to residents and giving businesses the opportunity to tell their story."

What if you missed the Green Expo? There will be another in spring 2010, but there is much you can do in the meantime, such as using the Town's new single-stream recycling program, which allows many more items to be recycled. Details are online – go to the Department of Public Works area of [www.viennava.gov](http://www.viennava.gov) and click on "Recycling" on the left.

**Councilwoman Kelleher**

And mark your calendar for 9 a.m. to 2 p.m. on Saturday, September 12, when the Recycling Roadshow will be in Vienna. Operated by Fairfax County, this program features recycling of compact fluorescent light bulbs and electronics such as televisions and computers. In addition, document shredding will be available at no charge. So bring your recyclables to the Navy Federal Credit Union parking lot at 810 Follin Ln., S.E. More information can be found at [www.fairfaxcounty.gov/recycling](http://www.fairfaxcounty.gov/recycling) or call the Recycling Infoline at 703-324-5052.

## Elementary Students Score High on Walk and Bike to School Challenge

Four Vienna elementary schools – Louise Archer, Marshall Road, Vienna, and Wolftrap – joined forces the week of May 11-15 to participate in the 2009 Walk and Bike to School Challenge in support of the Safe Routes to School effort. The schools scored a grand total of 2,823 walking and biking trips by students during the week.

Safe Routes to School is an international movement to create safe, convenient, and fun opportunities for children to bicycle and walk to school. The benefits to kids and their communities include improved health, reduced traffic congestion, better air quality, and enhanced neighborhood safety. The program also promotes an active lifestyle for kids to help combat the nationwide trend toward childhood obesity.

The Vienna-wide effort was spearheaded by Jeff Anderson (Wolftrap), Amy Byrne (Marshall Road), Tara MacCall (Vienna Elementary), and John Sweeney (Louise Archer).

## This Month in History

*from the Vienna Newsletter archives*

JULY 1999 – The Town Council has adopted an ordinance, which becomes effective July 1, in response to citizen complaints about aggressive driving in Vienna's residential neighborhoods. It allows for a civil penalty of \$100 to any motorist convicted of exceeding the speed limit by 20 mph or more on residential streets.

JULY 1989 – At its July 3 meeting, the Town Council will hold a joint public hearing with the Planning Commission on proposed ordinances concerning planting and replacement of trees during property development. They would require developers to submit a plan that within 10 years would provide a tree canopy exceeding five feet in height over at least 20% of the property in residential zones and 10% in non-residential zones.

JULY 1979 – An arrangement is being worked out between the Vienna Planning Office and Showcase Theatres of Bethesda, MD, to make the Vienna Theatre parking lot available for Metrobus riders and carpoolers. Permits would be issued for a monthly fee of \$25, with all revenues going to the operation and maintenance of the parking lot. WMATA has confirmed that the bus will stop in front of the lot to pick up riders in the morning.

JULY 1969 – The Town Council passed a resolution to purchase a large portable pool for use at the Community Center this summer. However, the County Health Department ruled that this did not fulfill County regulations for commercial pools. The Town Council regretfully had to abandon consideration of the portable pool.
